Exclude microforms, maps, uncataloged items, A/V materials.

* Estimations.

1. Fiscal Year: from April to March.

2. Many of the exact figures requested have not been separately kept. Our CJK bibliographic records have not been totally loaded to our local database at this time. Once they are loaded, we shall be able to provide the information more fully next year.

3. Fiscal Year: from Sept. to Aug.

a. Figures do not include bound volumes of periodicals.

b. The breakdown by language was not available.

c. The non-CJK materials are with the main research collection and the detailed statistics are not available.

d. The UCSD Libraries has a distributed CJK collection across different subject areas: Biomed, International Relations and Pacific Studies, Art and Architecture, Oceanography in physical branches of the Libraries. Each of these may carry CJK materials, none of which are keeping CJK-specific stats for these services areas. The bulk of our CJK materials is housed in the East Asia Collection (part of the SSH Library) with a substantial portion housed also in the international relations and Pacific Studies Library. In the past, we have submitted our CJK stats in two separate reports; one for IR/PS and one for the East Asia Collection. Now that these stats are being consolidated for the entire UCSD Libraries, it is difficult to record and report public services statistics as they are inter-mixed with every other kind of material stats in the various branches of The Libraries.

* Estimations.

1. Fiscal Year: from April to March.

2. Many of the exact figures requested have not been separately kept. Our CJK bibliographic records have not been totally loaded to our local database at this time. Once they are loaded, we shall be able to provide the information more fully next year.

3. Fiscal Year: from Sept. to Aug.

a. The non-CJK materials are with the main research collection and the detailed statistics are not available.

b. The UCSD Libraries has a distributed CJK collection across different subject areas: Biomed, International Relations and Pacific Studies, Art and Architecture, Oceanography in physical branches of the Libraries. Each of these may carry CJK materials, none of which are keeping CJK-specific stats for these services areas. The bulk of our CJK materials is housed in the East Asia Collection (part of the SSH Library) with a substantial portion housed also in the international relations and Pacific Studies Library. In the past, we have submitted our CJK stats in two separate reports; one for IR/PS and one for the East Asian Collection. Now that these stats are being consolidated for the entire UCSD Libraries, it is difficult to record and report public services statistics as they are inter-mixed with every other kind of material stats in the various branches of The Libraries.

* Estimations.

1. All University of Maryland's unanswered questions reflect data not currently available.

2. Fiscal year: September 1-August 31.

3. Non-CJK materials are not included in these statistics.

a. CJK combined.

b. The figures include A/V materials. Our library collects materials on Japanese subjects in English, Japanese and French.

c. Figure includes Japanese both purchased and gift titles.

d. No separate non-CJK counting maintained.

e. Most non-CJK titles (mostly English) are purchased with money other than East Asian Library funds and are processed and shelved with the general collection. The number of titles and volumes are not available.

1. All University of Maryland's unanswered questions reflect data not currently available.

2. Fiscal year: September 1-August 31.

3. Non-CJK materials are not included in this statistics.

a. Our library collects materials on Japanese subjects in English, Japanese and French.

b. Software does not have a function to indicate the language code, therefore we cannot give accurate statistics on language.

c. Some of language materials are catalogued as KIT, which comes with text and audiovisual materials.

d. CJK combined.

e. Not broken down by languages.

f. No separate non-CJK counting maintained.

g. Added during the year 98-99.

h. Includes 9,289 pieces of total other library materials held June 30, 1998.

b. The UCSD Libraries has a distributed CJK collection across different subject areas: Biomed, International Relations and Pacific Studies, Art and Architecture, Oceanography in physical branches of the Libraries. Each of these may carry CJK materials, none of which are keeping CJK-specific stats for these services areas. The bulk of our CJK materials is housed in the East Asia Collection (part of the SSH Library) with a substantial portion housed also in the international relations and Pacific Studies Library. In the past, we have submitted our CJK stats in two separate reports; one for IR/PS and one for the East Asian Collection. Now that these stats are being consolidated for the entire UCSD Libraries, it is difficult to record and report public services statistics as they are inter-mixed with every other kind of material stats in the various branches of The Libraries.

c. Serials figures are based on an estimate that 65% are purchased and 35% received as gifts or exchanges.

d. The numbers of current Chinese and Japanese serials purchased include the ones "received but not purchased".

* Estimations

1. Fiscal Year: from April to March.

2. Fiscal Year: from Sept. to Aug.

a. Includes requests filled and unfilled.

b. The UCSD Libraries has a distributed CJK collection across different subject areas: Biomed, International Relations and Pacific Studies, Art and Architecture, Oceanography in physical branches of the Libraries. Each of these may carry CJK materials, none of which are keeping CJK-specific stats for these services areas. The bulk of our CJK materials is housed in the East Asia Collection (part of the SSH Library) with a substantial portion housed also in the international relations and Pacific Studies Library. In the past, we have submitted our CJK stats in two separate reports; one for IR/PS and one for the East Asian Collection. Now that these stats are being consolidated for the entire UCSD Libraries, it is difficult to record and report public services statistics as they are inter-mixed with every other kind of material stats in the various branches of The Libraries.

c. Materials are circulated through the main library loan desk. Only Stack D materials are circulated through EAL.

d. Interlibrary loan requests are processed by the main library.

e. Includes reserves and renewals

f. For all reference transactions in the Asia Collection, which also includes South Asia and Southeast Asia.

g. Number included one-week sweep in fall=59, one week sweep in spring=38. Total 97 for 2 weeks sweep during 1998-99.

* Estimations.

1. Fiscal Year: from April to March.

2. Many of the exact figures requested have not been separately kept. Our CJK bibliographic records have not been totally loaded to our local database at this time. Once they are loaded, we shall be able to provide the information more fully next year.

3. Fiscal Year: from Sept. to Aug.

a. Figures do not include bound volumes of periodicals.

b. The non-CJK materials are with the main research collection and the detailed statistics are not available.

c. The UCSD Libraries has a distributed CJK collection across different subject areas: Biomed. International Relations and Pacific Studies, Art and Architecture, Oceanography in physical branches of the Libraries. Each of these may carry CJK materials, none of which are keeping CJK-specific stats for these services areas. The bulk of our CJK materials is housed in the East Asia Collection (part of the SSH Library) with a substantial portion housed also in the international relations and Pacific Studies Library. In the past, we have submitted our CJK stats in two separate reports; one for IR/PS and one for the East Asian Collection. Now that these stats are being consolidated for the entire UCSD Libraries, it is difficult to record and report public services statistics as they are inter-mixed with every other kind of material stats in the various branches of The Libraries.
